A signature on this document provides permission to pull credit bureau reports on any individuals who may be liable under this agreement, such as a personal guarantor, a proprietor or a general partner.

The customer agrees to pay a time-price differential at a percentage rate of 1% annual of the total of the delinquent invoices when the invoices become past due. These charges are construed as time-price differentials and therefore these charges are not considered interest.

We reserve the right to return your check within 90 days of cashing it and under no circumstances will a payment-in-full or in-full-settlement check be allowed except pursuant to a separate written agreement, assuming that the payment is less than the invoice and time-price differential amounts set forth on the statement. Otherwise, it will be presumed that the full-payment check was tendered in bad faith, and the check will not be accepted as full settlement on an account.

Any claims of errors or discrepancies in the billings must be submitted in writing to our office within 15 days of the billing statement date. Otherwise, all such objections are deemed waived and the account will become stated.

It is understood there is no contract until final approval from our home office located at 16713 Industrial Pkwy, Lansing, MI 48906 is granted. Such approval may be signified by the delivery of goods or pick up of goods, or services that may be ordered from time to time. Further it is agreed that any disputes arising between the parties will be determined by the law of the state of Michigan and will be litigated in the courts in the state of Michigan and county of Clinton.

I HAVE READ YOUR COMPANY'S TERMS AND CONDITIONS, AGREE TO THEM AND DECLARE THAT ALL OF THE INFORMATION SUBMITTED HEREIN IS TRUE.
